5 Pocket Fitness Sorter

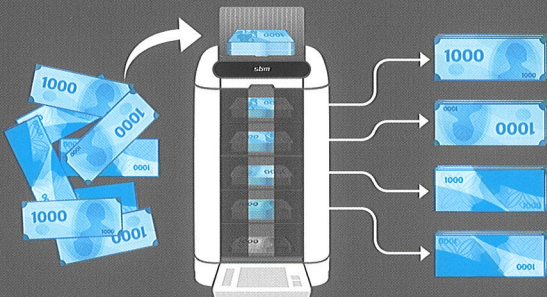

Why 5 Pocket?

✓ Denomination Sorting

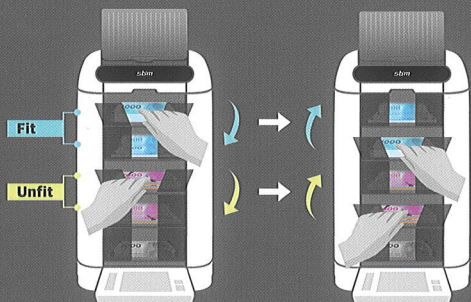

Save sorting time by classifying four denominations at a time.

✓ Face/Orientation Sorting

Sort four directions of the banknotes at once.

✓ Non-Stop Fitness Sorting

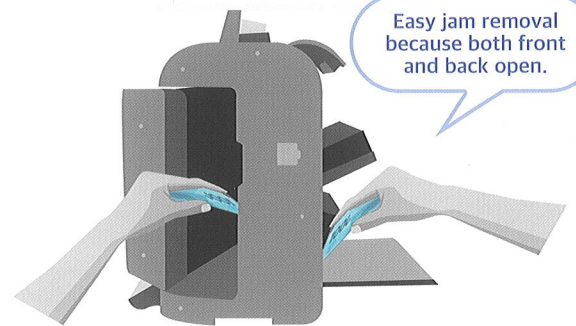

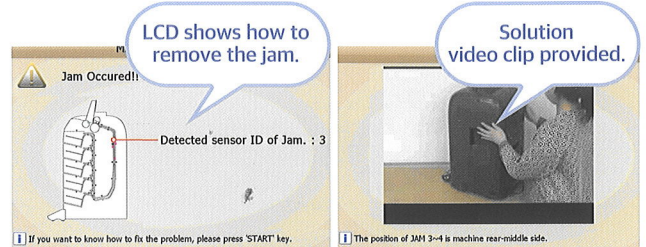

1 STEP When first stacker is full, following banknotes go to the second stacker. Thus, it never stops!

2 STEP While the second stacker keeps counting, user removes banknotes of the first stacker.

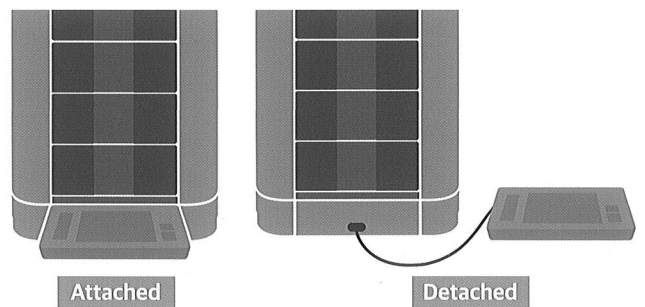

By allocating two stackers for fit and unfit notes respectively, 5 Pocket made stopless fitness sorting possible.
